Home Page Passage Guide

On the Home Page is the section, Bible Study Starter which contains the area Study Passage. When you enter a passage in the box and click Go you generate a Passage Guide report. From this one report you can literally fulfill all of the principles of Inductive Bible Study.

Read

After you click Go, your Preferred Bible opens and the Passage Guide report builds. Read through the passage several times in your favorite Bible.

Now look at the Passage Guide and you'll see access to numerous automated reports that assist you in reading the text from multiple Bibles.

The Compare Versions section is designed to be a visual "indicator" highlighting differences in various Bibles.

The farther apart the Bibles, the more disagreement

The broader the rivers, the more disagreement
