

# Profit Share Details

## How It Works:

Easy! Just follow our recipe for the ultimate fundraising event and watch your youth group thrive!

Okay, really—it is that simple. We've gone through the hard work of planning each step of this event; just plug in your group and go. You'll gather a few volunteers, find someone with a delicious spaghetti recipe and a room big enough to enjoy it in; have a night of fellowship and watch a movie—that's it! The included Demo video DVD sells the product for you; and you get a generous share of every order placed. Best of all, the spiritual returns on getting your church into the Word with Bible study bring eternal dividends.

## About Logos Bible Software:

Logos Bible Software is the leading Bible study tool for prominent Christian leaders and ministries like John MacArthur, Kay Arthur, Mark Driscoll, FamilyLife Today and many more. It is robust enough for seasoned pastors and scholars, but accessible to Bible students of all levels. Whether someone is having daily devotional time, preparing for a Sunday sermon, preparing for a small group study, or working on a dissertation, Logos is the tool for the task, synchronizing across any platform, PC, Mac, iPhone, iPad, Android device or across the web at Biblia.com.

The fundraiser features six of our best-selling base packages—each offering a variety of content for different Bible study needs—and tiered profit share benefits unique to this program. To better assist you in raising support, along with offering great Bible study tools to your supporters, we extend a 15% discount on our software.

## Pricing and Profit Share Breakdown:

Whether your youth group is raising support for mission trips, winter or summer retreats, or curriculum needs, the potential to raise significant support and funds for your youth group has never been easier. With six collections to choose from, and up to \$250 profit share on a single order, you can serve the Bible study needs of anyone and still get the resources you need to run your ministry.
